

Bluecadet is offering a six-month, paid, design internship as part of our collaborative, multi-disciplinary team. As a valued member of a small team, you will be exposed to a wide variety of design disciplines, and you'll contribute in meaningful ways to the creation of innovative, immersive interactive experiences.

**Apply Here:** <https://bluecadet.bamboohr.com/jobs/view.php?id=68>

Bluecadet apprentices are mentored by award-winning designers and given the opportunity to work with mission-driven institutions such as The Smithsonian, NASA, and the Bill & Melinda Gates Foundation.

## **Job Details**

### Qualifications

- An outstanding portfolio that demonstrates an understanding of typography, color, and composition
- Expertise in visual and UI design software (Adobe Creative Suite, Figma, etc.)
- Experience with and passion for interactive media
- Excellent organizational skills and cooperative, curious approach to work
- Strong written and verbal communication skills
- A complete or in-progress bachelor's degree in design or another relevant field

### Characteristics

- Strong conceptual thinking, open to input from the team
- A great attitude and ability to work both autonomously and as part of a team
- Ready to learn, flexible, and willing to work across disciplines

### Bonus Points

- Experience across other disciplines:
- Motion graphics
- 3D design
- Creative coding
- Digital fabrication
- Experience with remote working tools

### Remote Working Model

Bluecadet offices in Philadelphia and New York are open for voluntary usage. Apprentices will be expected to work a 40-hour week, and will work with their mentors to set mutually beneficial working hours.

Bluecadet mentors will on-board apprentices to remote working tools as needed.
